

*The Green Choice*

**SAVE EARTH ONE BOTTLE AT A TIME**

# **FELT PRODUCT CATALOGUE 2023-24**

# The Green Choice

In 2018, we started from modest beginnings, to offer ecoshoppers from around the world to be exposed to a new nature friendly product range. Our Eco Product Store was born from the desire to live sustainably and positively impact the Earth by recycling plastic bottles and reducing waste in people's daily lives to inspire the global community to embrace a sustainable lifestyle.

## What is eco-felt?

When PET flakes are used as the raw material for the production of felt that would otherwise be made of polyester the produced fabric is termed as eco-felt. This helps reduce the plastic waste that is left to decompose.

We try to up cycle this waste and recreate them into fashion and lifestyle products which can be used for a longer duration.
